

Houghton High School
2026-2027 Student Handbook

Welcome to Houghton High School!

This handbook is intended for use by students, parents, and staff as a guide to the rules, procedures, and general information about the District. The use of the word “parent” in this handbook means a student’s natural or adoptive parent or legal guardian. Students and their parents are responsible for familiarizing themselves with this handbook, and parents should use the handbook as a resource to assist their students with following its rules and procedures.

Students must comply with all school policies, regulations, rules, and expectations. The use of the word “Policy” in this handbook includes bylaws or policies adopted by the Board of Education. Although the information in this handbook is comprehensive, it is not intended to address every situation that may arise during a school day or school year. This handbook does not create a contract between the District and parents, students, or staff. The administration is responsible for interpreting the rules contained in the handbook to ensure the implementation of the school’s educational program and well-being of all students. If a situation arises that is not specifically addressed by this handbook, the administration may respond based on applicable law and policy.

The rules and information provided in this handbook may be supplemented or amended by the administration at any time, consistent with applicable law and policy.

SECTION I: DISTRICT-WIDE POLICIES AND PROCEDURES

Attendance

Students are expected to attend school every day school is in session. Students are to arrive before the first class and stay until the scheduled end of their school day. If a student is unable to attend school, the student or parent must report that absence by calling the high school attendance line and leaving a message: (906) 482-0450 and follow the prompts for the high school and then the attendance line. The call may be made at any time, however, *in order to excuse the absence it must be made BEFORE noon the following day.*

If a student arrives late, the student must sign in at the office. A student may only leave school early if the student's parent notifies the office or the student is an emancipated minor or 18 years old. If a student leaves school early, the student must sign out at the office.

The following absences will be considered excused if they are confirmed by communication to the school from the student's parent:

- the student's physical or mental illness (verification from a physician, physician assistant, or nurse practitioner is required after 4 consecutive days of absence for illness);
- severe weather;
- medical appointments for the student;
- death or serious illness of the student's family member;
- attendance at a funeral, wedding, or graduation;
- appearance at court or for other legal matters;
- observance of religious holidays of the student's own faith;
- college planning visits; and
- personal or family vacations.

Students who arrive to class within the first 10 minutes after the bell are considered tardy. Students arriving to class 10 minutes or more after the bell are considered absent.

A student who violates attendance expectations may be subject to discipline and any other applicable consequences.

Absences due to illness

The school will contact parents if a student becomes ill at school and may ask that the parent pick up the student. A student who is absent due to illness has 1 day for each day of absence to complete missed assignments.

Planned absences

Parents who know in advance that a student will be absent must contact the school at the earliest possible date. Students who will be absent for reasons that can be anticipated, such as routine medical appointments and school activities, must complete

any work required by the teacher before the absence unless alternative arrangements are approved by the teacher in advance. Parents should make every attempt to schedule medical and other appointments outside of school hours.

Students are expected to:

- Complete all class work in advance for any absence that can be anticipated or make alternative arrangements with their teacher in advance of the absence.
- Sign out of school at the office if leaving school during the school day.
- Make up all work that is assigned by teachers for the instructional time that has been missed.

For more information, see Policy 5301.

Books and Supplies

The District will provide free instruction to all students and will not charge a fee for materials necessary to complete required or elective courses. Students and parents may purchase additional supplies at their own expense. The District may charge a reasonable and refundable deposit to cover damage to textbooks and supplies. A teacher may provide a list of suggested materials that students and parents may purchase. Purchasing materials is voluntary and not required for curricular activities.

Students must take care of books and other supplies provided by the District. The District may assess fees to repair or replace District property that is lost, damaged, stolen, returned in a different condition, or not returned on time.

Bulletin Boards

Space may be provided within school buildings or on school electronic media for students and student organizations to post notices about student groups. Rules for posting on bulletin boards are found in Policy 5503.

Bullying

All types of student-on-student bullying, including cyberbullying, without regard to subject matter or motivation, are prohibited. The District's Anti-Bullying Policy is attached to this handbook as Appendix B.

Cafeteria Rules

Food is to be eaten in the cafeteria/multipurpose room, commons area, or other designated area. All garbage is to be disposed of properly. Club advisors and driver education instructors may choose to have participants eat in their classrooms during lunchtime meetings. Any spills are to be cleaned up and reported to an adult if help is needed. The library may be open for student use during lunch. Students are to remain in designated areas until dismissed. *Restaurants may NOT make deliveries to the school without approval.*

Cell Phones and Other Wireless Communications Devices

Students may not use Wireless Communications Devices on school grounds during instructional time, except as otherwise provided in this Policy.

“Wireless Communications Device” is an electronic device capable of, but not limited to, text messaging, voice communication, entertainment, navigation, accessing the internet, sending and receiving photos and videos, or producing email.

“Instructional time” is defined as the start of the school day when instruction begins until dismissal at the end of the school day, excluding lunch.

- *Cell Phones and Other Wireless Devices must be stored in lockers at 8:05am to allow ample time for students to arrive to class without devices*
- *Cell Phones and Other Wireless Devices are permitted during lunch and must be stored in lockers at 12:35pm to allow ample time for students to arrive to class without devices*

“School grounds” means a building, playing field, or property used for school purposes to impart instruction to children or used for functions and events sponsored by a school. School grounds does not include a building used primarily for adult education or college extension courses.

Students may use Wireless Communications Devices on school grounds during school hours, including during instructional time, if the Wireless Communications Device is:

- medically necessary for a student to monitor a health issue;
- required by a student’s Section 504 Plan or IEP;
- a District-owned device;
- designated by the District to be used for instructional purposes;
- permitted by a classroom teacher for lesson-specific academic assignments; or
- used during an emergency situation in accordance with the District’s emergency operations plan under Policy 3402, so long as it does not interfere with school emergency protocols or first responders or endanger students or staff.

Students are personally and solely responsible for the security of their Wireless Communications Devices. The District is not responsible for theft, loss, or damage of any Wireless Communications Device.

Students may not use Wireless Communications Devices while they are in locker rooms, restrooms, or any other area in which others may have a reasonable expectation of privacy unless medically necessary or required by the student’s Section 504 Plan or IEP.

Taking, disseminating, transferring, or sharing obscene, pornographic, lewd, or otherwise illegal photographs, video, audio, or other similar data, whether by electronic data transfer or otherwise (including via cell phone or other electronic device), may constitute a crime under state or federal law. A student engaged in any of these

activities at school, at a school event, or on school-provided transportation, may be subject to discipline pursuant to this Policy and the student code of conduct. A student engaged in any of these activities outside of school may be disciplined if the student's activities substantially disrupt the school environment.

The Superintendent, building principals, and teachers are authorized to develop building-level and classroom rules for students' use of Wireless Communications Devices. Those rules must be clearly communicated to students. A student who violates the rules or this Policy is subject to corrective or disciplinary action, consistent with Policy and the student code of conduct.

School administrators and teachers may confiscate a student's Wireless Communications Device if the student's use or possession of the Wireless Communications Device violates this Policy, the student code of conduct, or any applicable building or classroom rule. The building principal or designee may require a meeting with the student's Parent to discuss the rule violation before returning the Wireless Communications Device.

Cheating, Plagiarism, and Academic Dishonesty

Students may not cheat, plagiarize, or otherwise participate in academic dishonesty in any form. Unless specifically authorized by a teacher, prohibited behavior may include, but is not limited to:

- Obtaining, attempting to obtain, or aiding another person in obtaining credit for work by any dishonest or deceptive means.
- Copying another person's work or answers.
- Discussing with other students the answers or questions on a test or assignment before the test or assignment has been submitted for a grade.
- Taking or receiving copies of a test.
- Using or displaying notes, "cheat sheets," or other sources of unauthorized information.
- Using the ideas or work of another person as if they were your own without giving proper credit to the source.
- Using artificial intelligence to assist or complete an assignment or test.
- Submitting work or any portion of work completed by another person.

A student who cheats, plagiarizes, or otherwise participates in any academic dishonesty may receive no credit on that assignment or class and will be subject to discipline, up to and including expulsion.

Children's Protective Services Investigations

The District will cooperate with Children's Protective Services (CPS) during an investigation of suspected child abuse or neglect. Cooperation may include allowing

CPS access to a student without parent consent if CPS determines access is necessary to complete the investigation or prevent abuse or neglect. As a matter of law, the identity of an individual who makes a report of suspected child abuse or neglect is confidential and will not be disclosed.

Classroom Behavior

Teachers may establish classroom conduct rules that students must follow.

Closed Campus

The school campus is a closed campus. All students must remain on campus during school hours. Students who leave campus without authorization are subject to disciplinary action.

Communicable Diseases

The District, in conjunction with local health department officials, may exclude students who:

- Are suspected of having a communicable disease until a physician or local health department official determines the student is no longer a risk; or
- Lack documentation of immunity or are otherwise considered susceptible to a communicable disease until the local health department officials determine the risk of spreading the disease has passed.

Communicable diseases include, but are not limited to, diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, COVID-19, and other conditions indicated by the local and state health departments. Any removal will only be for the contagious period or as directed by the local health department.

Concussion Protocol

Before allowing a student to participate in any athletic activity, including physical education, the District will annually:

- A. Provide state-approved educational materials on concussion awareness to each student and to the student's Parent; and
- B. Obtain a statement signed by each student and respective Parent acknowledging receipt of state-approved concussion awareness educational materials. The District will maintain this signed statement for 5 years or until the student is 18, whichever is longer.

The District's complete concussion protocol is in Policy 5712 including information on student removal from activity for possible concussion and return-to-play requirements.

Damage to School Property

Students who damage school property either intentionally or unintentionally may be subject to discipline and required to pay to replace or restore the property.

Dress and Grooming

In general, clothing should be clean and appropriate for the climate and the situation. Student dress, cleanliness, or personal appearance that is a threat to the safety, health, or welfare of others; violates any statute, Policy 5101, or the Dress Code; or substantially disrupts the educational environment or that school officials reasonably forecast will substantially disrupt the educational environment, is grounds for remedial or disciplinary action.

The final decision in any situation involving inappropriate attire rests with building administrators.

Students who are dressed inappropriately will be asked to change clothing immediately. If necessary, parents will be called to bring appropriate clothing, students can use extra clothing provided by the District, or the student may be sent home to change. Repeated dress code violations may result in more severe consequences.

Dress Code

Tops must have straps or sleeves and must cover the student's entire torso from armpit to armpit. Pants, shorts, and skirts must have an inseam at least 4 inches in length. Clothing may not display material that:

- Is materially and substantially disruptive or that school officials can reasonably forecast will create a substantial disruption;
- Is obscene, sexually explicit, indecent, or lewd;
- Promotes the use of or advertises illegal substances, including but not limited to substances illegal for minors;
- Incites violence;
- Contains "fighting words";
- Constitutes a true threat of violence;
- Demonstrates hate group association/affiliation or uses hate speech targeting groups based on their membership in a protected class; or
- Displays nipples, genitals, or buttocks.

Students who represent the District at an official or school-sponsored function or public event (e.g., athletic teams, bands, choirs, and other groups) may be required to follow specific dress requirements as a condition of participation or attendance.

Driving and Parking Personal Vehicles

Student driving and parking on District property is a privilege, not a right, that may be revoked at any time. Students who drive to school must obey the following rules:

- A. Students may not move their vehicles, sit in, or be around their vehicles during the school day without permission from administration.

- B. Students may not drive carelessly or with excessive speed on school grounds.
- C. By driving to school and parking on school grounds, students and parents consent to having that vehicle searched when school officials have reasonable suspicion that a search will reveal a violation of school rules, Board Policy, or law.
- D. Student vehicles are to be parked in the high school parking lot behind the building or in the parking lot near the glass doors. The parking location is based on a student's need to leave/arrive on campus after school has started for the day. *Please note, in the parking lot behind the school, the parking spaces along all sidewalks as well as the parking spaces between the building and the handicap designated spots (in the high school lot) are reserved for school employees and visitors.*

Students must complete a vehicle registration form (found hanging on the wall outside the high school office) and turn it into the high school office. Once the vehicle registration form is turned in, the student will be given a parking permit which MUST be displayed in the windshield of the registered vehicle.

Emergency Contact Information

Parents must provide emergency information for each student enrolled in the District. The information should include the family physician's name, contact information for parents or a responsible adult, and any necessary emergency instructions. Parents must promptly inform the school if this contact information changes.

Fees

The District will not charge students a fee to participate in curricular activities. The District may charge students a fee to participate in extracurricular and noncurricular activities to cover the District's reasonable costs. The District may require students to furnish specialized equipment and clothing required for participation in extracurricular and noncurricular activities or may charge a reasonable fee for the use of District-owned equipment or clothing. The activity's coach or sponsor will provide students with information about the fees charged and the equipment or clothing required.

Food Services

Families that qualify for free and reduced lunch are encouraged to apply and participate. This benefit helps ensure that all students eat breakfast and lunch. Eating breakfast and lunch increases mental, physical, and emotional productivity. Forms are available online (www.lunchapp.com) and in all district offices.

More Food Service information can be found here: <https://www.hpts.us/food-about.php>

Field Trips

Classes occasionally take field trips off school property for educational enrichment. Each student must submit a completed permission form signed by the student's parent before being allowed to attend a field trip.

A student's failure to comply with Board Policy, the Student Code of Conduct, or any other applicable rules or behavioral expectations while on a field trip may result in disciplinary action and removal or exclusion from the trip or future field trips.

Students who have not met academic or behavioral expectations may not be allowed to attend field trips.

First Aid, Illness, or Injury at School

Students who feel ill or are hurt while at school should seek immediate assistance from their classroom teacher or the nearest staff member.

When the building principal or designee determines that a student is too ill or injured to remain at school, school staff will contact the student's parent or other designated responsible adult to pick up the student from school. If the student requires immediate medical attention, the District will first attempt to contact a parent or other designated responsible adult when reasonably possible. If contact cannot be made, the building principal or designee will take any reasonable action necessary on the student's behalf, consistent with state law.

Students showing symptoms of a communicable disease may be sent home. The District may require a statement from a licensed physician or local health official before allowing the student to return to school.

Head Lice

A student with nits within ¼ inch of the scalp or live lice may remain at school until the end of the school day. The student will be restricted from activities that involve close head-to-head contact or sharing of personal items. The District will notify the student's parent and provide educational materials on head lice prevention and treatment.

The student will be readmitted to school after treatment so long as the parent consents to a head examination and the examining District official does not find live lice on the student. If the District official finds nits within ¼ inch of the student's scalp, the student may return to class, but the District must inform the student's parent about the need to remove the nits. District personnel will not ostracize or embarrass a student with lice or nits and will maintain student confidentiality.

If a student has a persistent infestation after 6 weeks or 3 separate cases within 1 school year, the District will form a team that may include the student's parents, teacher, social workers, or administrators to determine the best approach to resolve the issue.

Homeless Children and Youth

The District will provide a free public education to homeless children and youth who are in the District and will afford them the educational rights and legal protections provided by federal and state law. Homeless children and youth will not be stigmatized or segregated based on their homeless status and will have the same access to services offered to students who are not homeless.

A student or parent in a homeless situation who requires assistance should contact the District's homeless liaison:

Tiffany Scullion, Principal, Houghton High School
1603 Gundlach Road, Houghton, MI 49931
(906) 482-0450
tscullion@hpts.us

For detailed information about Homeless Children and Youth, see Policy 5307.

Immunizations

For a student entering the District for the first time and entering 7th grade, a parent must provide the building principal or designee with a certificate stating that the student has received at least 1 dose of an immunizing agent against each disease specified by the Michigan Department of Health and Human Services (MDHHS) or other responsible agency or documentation of an applicable approved exemption.

The student's parent must provide the certificate or documentation at the time of registration, or no later than the first day of school. A parent of a student who has not received all doses of any required immunizing agent must provide the District an updated immunization certificate demonstrating that the immunizations have been completed as required by the MDHHS. The updated certificate must be provided within 4 months of the student entering the District for the first time or upon entering 7th grade. The District will not permit a student to attend school unless the parent provides evidence of immunizations or exemptions consistent with Policy 5713 and state law.

Law Enforcement Interviews

Law enforcement officers may be called to the school at the request of school administration. Students may be questioned by law enforcement consistent with Policy 5201. Students may be questioned by school officials at any time, without parent notice or consent, consistent with the District's obligation to maintain a safe and orderly learning environment.

Limited English Proficiency

Limited proficiency in the English language should not be a barrier to a student's equal participation in the District's instructional or extracurricular programs. Those students identified as having limited English proficiency will be provided additional support and instruction to assist them in gaining English proficiency and in accessing the educational and extra-curricular programs offered by the District.

Locker Use

Pursuant to Policy 5102, lockers are District property and may be made available for student use. Lockers are assigned to students on a temporary basis, and District administration may revoke a student's locker assignment at any time. The District retains ownership of lockers notwithstanding student use.

Students have no expectation of privacy in their lockers. The building principal or designee may inspect lockers without any particularized suspicion or reasonable cause and without advance notice. Upon the request of the building principal or designee, law enforcement may assist with searching lockers.

During a locker search, student privacy rights will be respected for any items that are not illegal or violate Board Policy or building rules.

Students are not to exchange lockers with other students. Students are responsible for the condition of the locker which they have been assigned. Fines may be assessed for lockers that have been damaged or rigged. The outside of lockers are not to be decorated or written upon. Adhesives, including tape and stickers, are not permitted on the inside or outside of the lockers.

Students must keep all personal belongings, including hats, coats, purses/fanny packs, and backpacks, in their lockers during the school day.

Lost and Found

All lost and found items are to be taken to the high school office. Students may claim lost articles there. Unclaimed items may be donated to a local charity or otherwise disposed of at the conclusion of each semester.

Media Center

Students must check out materials from the media specialist or designee on duty. Each borrower is responsible for all materials checked out in the borrower's name. A fine of may be charged for overdue materials. Each student is responsible for any fine that accumulates on materials charged to the student. If materials are lost and not returned by the end of the semester, the student must pay for the replacement cost. Students must also pay for any damage they cause to materials.

Medication

Whenever possible, parents should arrange student medication schedules to eliminate the need for administration of medication at school. When a student requires prescription or over-the-counter medication at school, the following procedures apply:

- The student's parent must annually submit a written request and consent form as required by the District.
- A building principal or designee must request that the parent supply medications in the exact dosage required whenever feasible.
- The building principal or designee will notify the student's parent of any observed adverse reaction to medication.
- All medications must be in the original container.

For additional information and requirements, see Policy 5703.

Asthma Inhalers and Epinephrine Auto-Injectors/Inhalers

A student may possess and use an asthma inhaler or epinephrine auto-injector or inhaler with written approval from the student's healthcare provider and consistent with Policy 5703. A minor student must also have written permission from the student's parent. The required documentation must be submitted to the building principal or designee. If a student is authorized to self-possess or self-administer an asthma inhaler or epinephrine auto-injector or inhaler, the building principal or designee will notify the student's teachers and other staff as appropriate.

Additionally, the school must maintain a written emergency care plan drafted by a physician in collaboration with the student's parent. The emergency care plan will contain specific instructions related to the student's needs. The physician and parent should update the emergency care plan as necessary to address any changes in the student's medical circumstances.

Parent Involvement in Education

A copy of the District's Parent Involvement in Education policy, Policy 5401, is attached as Appendix C.

Parties

Classes may have seasonal or curriculum-related parties during the year. Students must follow all expectations and rules established by the teacher or other relevant staff during the party. Invitations for private parties and non-school-sponsored events may not be distributed in the classroom.

Playground/Recess Rules

Not Applicable to the High School.

Protection of Pupil Rights

The District respects the rights of parents and their children and has adopted a Protection of Pupil Rights policy as required by law. The policy is available on the District's website or upon request from the District's administrative office. Parents may opt their child out of participation in activities identified by the Protection of Pupil Rights policy by submitting a written request to the Superintendent. Parents may have access to any survey or other material described in the Protection of Pupil Rights policy by submitting a written request to the Superintendent. A copy of the District's annual notice to parents regarding the Protection of Pupil Rights Amendment is attached as Appendix D.

Public Display of Affection

Students may not engage in public display of affection that are disruptive to the school environment or distracting to others.

Rights of Custodial and Non-Custodial Parents

Unless a parent has provided the building principal or designee with a court order that provides otherwise, District personnel will treat each parent, regardless of custody or visitation rights, the same as to accessing student records, meeting and conferring with District personnel, visiting a child at school, and transporting a child to or from school. District personnel are not responsible for enforcing visitation or parenting time orders.

Parents, regardless of custodial status, will be provided information about conference times so both parents may attend a single conference. The District is not required to schedule separate conferences if both parents have been previously informed of scheduled conference times.

If either or both parents' behavior is disruptive, staff may terminate a conference and reschedule it with appropriate modifications or expectations.

Search and Seizure

To maintain order and discipline in school and protect the safety and welfare of students and school personnel, school authorities may search a student or the student's personal effects (e.g., purse, book bag, athletic bag) as permitted by law and may seize any illegal, unauthorized, or contraband materials discovered in the search. As noted in "Locker Use," student lockers and desks are school property and remain at all times under the District's control. Student lockers and desks are subject to search at any time for any reason and without notice or consent.

School officials may use canines, metal detectors, wands, or other tools to conduct searches.

A student's failure to permit a search and seizure may be grounds for disciplinary action. A student's person and personal effects may be searched whenever a school official has reasonable suspicion to believe that the student possesses illegal or unauthorized materials. If a properly conducted search yields illegal or contraband materials, these items may be turned over to law enforcement or stored in a secure place at school until a disciplinary hearing.

Student Education Records

The District may collect, retain, use, and disclose student education records consistent with state and federal law. See Policy 5309 for an overview of the District's collection, retention, use, and disclosure of student records.

Parents may inspect and review their minor child's education records, regardless of custody status, unless a court order specifies otherwise. An eligible student (i.e., a student who is 18 years or older or an emancipated minor) may also inspect and review their education records.

Right to Request Explanation or Interpretation

A parent or eligible student may request, in writing, an explanation or interpretation of a student's education records. School officials will respond to any reasonable request.

Right to Request Amendment of Education Records

A parent or eligible student may request that a student's education record be amended if the parent or eligible student believes the record is inaccurate, misleading, or otherwise in violation of the student's privacy rights as explained in Policy 5309.

Directory Information

The District designates the following information as directory information:

- a. student names, addresses, and telephone numbers;
- b. photographs and videos depicting a student's participation in school-related activities and classes;
- c. date and place of birth;
- d. major field of study;
- e. grade level;
- f. enrollment status (e.g., full-time or part-time);
- g. dates of attendance (e.g., 2023-2027);
- h. participation in officially recognized activities and sports;
- i. weight and height of athletic team members;
- j. degrees, honors, and awards received; and
- k. the most recent educational agency or institution attended.

School officials may disclose "directory information" without the prior written consent of a parent or eligible student unless the parent or eligible student specifically notifies the District that the parent or eligible student does not consent to the disclosure of the student's directory information for 1 or more of the uses for which the District would commonly disclose the information.

A Directory Information Opt Out Form is attached to this handbook as Appendix E. This form allows the parent or eligible student to elect not to have the student's directory information disclosed for 1 or more of the listed uses. Upon receipt of a completed Directory Information Opt Out Form, school officials may not release the student's directory information for any of the uses selected on the form.

Address Confidentiality Program

The District will not disclose a student's or parent's phone number or address or the parent's employment address to another person who is the subject of a court order that prohibits disclosure of the information if the District has received a copy of the order. The District will not disclose a confidential address, phone number, or email address in violation of the Address Confidentiality Program Act if the student or the student's parent notifies the District that the student or the student's parent has obtained a participation card issued by the department of attorney general.

Technology

Use of District technology resources is a privilege, not a right. Students are expected to use computers, the Internet, and other District technology resources for school-related

educational purposes only. Students and their parents are required to sign and return the Acceptable Use Agreement attached as Appendix F before they may use or access District technology resources. Students who violate the District's Acceptable Use Agreement may have technology privileges terminated or suspended and may be subject to discipline, up to and including expulsion.

Threat Assessment and Response

The Board of Education is committed to providing a safe environment for all members of the school community. Our commitment to security includes creating and maintaining a safe school climate and supportive culture as a foundation for preventing violence and mitigating risk.

Students are encouraged to report any threat immediately. Threats may be reported to any District employee in-person, by e-mail, or by telephone. Students may also report threats through the OK2SAY program.

Transportation Services

School Vehicle Rules

Riding in school vehicles is a privilege, not a right. Students must comply with the following rules and all school conduct rules and directives while riding in school vehicles. In addition, students must comply with the Student Code of Conduct while in school vehicles.

When in school vehicles, the following rules apply:

- A. Students must promptly comply with any directive given by the driver.
- B. Students must wait in a safe place for the vehicle to arrive, clear of traffic and away from where the vehicle stops.
- C. Students may not fight or engage in bullying, harassment, or horseplay while riding or waiting for school vehicles.
- D. Students must enter the vehicle without crowding or disturbing others and go directly to a seat.
- E. Students must remain seated and keep aisles and exits clear while the vehicle is moving.
- F. Students may not throw or pass objects on, from, or into vehicles.
- G. Students may not use profane language, obscene gestures, tobacco, alcohol, drugs, or any other controlled substance on the vehicles.
- H. Students may not carry weapons, look-a-like weapons, hazardous materials, nuisance items, or animals onto the vehicle.
- I. Students may converse in ordinary tones and volumes but may not be loud or boisterous and should avoid talking to the driver while the vehicle is moving.

Students must be absolutely quiet when the vehicle approaches a railroad crossing and any time the driver calls for quiet.

- J. Students may not open windows without the driver's permission. Students may not dangle body parts or other items (e.g., legs, arms, backpacks) out of the windows.
- K. Students must secure any item(s) that could break or cause injury if tossed about the inside of the vehicle if the vehicle were involved in an accident.
- L. Students must respect the rights and safety of others at all times.
- M. Students must help keep the vehicle clean, sanitary, and orderly. Students must remove all personal items and trash upon exiting.
- N. Students may not vandalize or intentionally cause damage to the vehicle.
- O. Students may not leave or board the vehicle at locations other than the assigned stops at home or school unless approved prior to departure by the superintendent or designee.

Video cameras may be placed on vehicles and buses to monitor student behavior on the vehicle/bus. Exceptions or modifications to these rules may be made as necessary to accommodate a student with a disability.

School Vehicle Misconduct Consequences

Students who violate the school vehicle rules will be referred to the building principal for discipline. Disciplinary consequences may include parent notification, suspension of vehicle/bus riding privileges, exclusion from extracurricular activities, in-school suspension, and suspension or expulsion.

These consequences are not progressive and school officials have discretion to impose any listed consequence they deem appropriate in accordance with state and federal law and board policy.

Records of vehicle misconduct will be forwarded to the appropriate building principal and will be maintained in the same manner as other student discipline records. Reports of serious misconduct may be reported to law enforcement.

Video Surveillance and Photographs

The District may monitor any District building, facility, property, bus, or vehicle with video recording equipment other than areas where a person has a legally recognized and reasonable expectation of privacy (e.g., restrooms and locker rooms). Except in those school areas, a person has no expectation of privacy.

The District may use video recordings for any lawful purpose, including student discipline, assisting law enforcement, or investigations.

Students may not make recordings: on school property; when on a vehicle owned, leased, or contracted by the District; or at a school-sponsored activity or athletic event

unless otherwise authorized by Policies 5210 or 5805, applicable law, or a District employee.

Withdrawal From School

Students who are transferring from the District must submit written notice to the building principal at least 1 week before the withdrawal.

SECTION II: ACADEMICS

To encourage students and parents to stay apprised of student academic information, grades, attendance, and other information can be accessed via PowerSchool.

To register for PowerSchool, contact the high school office.

Academic Awards

Class Rank & Valedictorian: Each student's GPA is calculated and then compared in order to determine class rank. The valedictorian is the student in the senior class with the highest cumulative GPA after the 1st semester of the senior year is complete. In the event of a tie, students earning the top GPA will share valedictorian honors. In order to be awarded valedictorian honors, a student must have attended high school in a public or private school for at least 6 semesters (3 years or 9 trimesters) with at least 4 semesters (2 years) at Houghton High School. *Beginning with the 2026-2027 school year, class rank will be determined by cumulative weighted GPA.*

Honor Roll: In order for a student to achieve honor roll designation at the end of each semester, the following criteria must be met: The student must possess a B or better (3.00) average. Es and incomplete grades disqualify a student. All high school credits will be counted. Satisfactory/Unsatisfactory grades will not be counted.

Advanced Placement (AP) Courses

Students are able to sign up for AP courses when signing up for all other high school courses. Students enrolled in an AP course have the opportunity to register to take the AP test for that course. Students taking the AP test do not take a Semester 2 exam for the course. AP tests are given in May as determined by the College Board. AP Classes have a 0.25 added value when calculating weighted GPA.

Commencement

The District may conduct a commencement ceremony for eligible students at the end of the school year. Participation in the ceremony is a privilege, not a right. Students may be prohibited from participating in the ceremony as a consequence for misconduct. A student's disqualification from participating in the commencement ceremony does not impact the issuance of a diploma to the student, provided that all graduation requirements have been satisfied. *In order to be eligible to participate, students must meet all graduation requirements by the end of the school day on the Tuesday prior to the graduation ceremony.*

Credits and Graduation Requirements

A student must successfully complete all graduation requirements to earn a high school diploma.

The following requirements are in place for the Class of 2021+ in accordance with both the HPTS Board of Education and the Michigan Merit Curriculum for the State of Michigan. In addition to the credits below, students must also have an up-to-date EDP on file.

Dropping or Adding a Class

After schedules are dispersed for the school year, students are able to submit a schedule change request using the online Houghton High School Schedule Change Form. All Semester One schedule change requests must be submitted during the first 3 days of the first semester. All Semester Two schedule change requests must be submitted prior to the start of the second semester. Specialty courses such as dual enrollment, virtual courses, and work-based learning may have additional drop/add guidelines. The building principal may provide exceptions for extenuating circumstances with input from the high school counselor and other stakeholders. The submission of a schedule change request does not guarantee a request can be granted.

Acceptable Schedule Change Reasons:

1. The student has not met required prerequisites for a course
2. The student is missing a graduation requirement
3. The schedule has technical errors (ex: two study halls or incomplete schedule)
4. The schedule includes a previously passed class
5. The student has a program change or change in post-high school plans (ex: The student has been accepted into or dropped from CTE, WBL, DE, etc.)

Schedule Changes that are Prohibited:

1. Requesting a change in a class or section to be with friends
2. Requesting for a specific class a specific hour, including study halls

3. Requesting a change for a specific teacher
4. Requesting a change for a class to be online when it is available in person and fits with your schedule

Dual Enrollment

Students in grades 9 and above may be eligible to dually enroll in college classes to obtain high school and college credit. Please contact your assigned counselor for information about enrollment eligibility, charges paid by the District, eligible institutions, and other matters related to dual enrollment.

By March 1 of each year, the District will provide general information to all students in grades 8 or above about postsecondary enrollment options. In addition, the District will provide detailed information to all high-school students about postsecondary enrollment options. That information will include all of the following:

- Enrollment eligibility;
- The institutions and types of courses in which students may enroll;
- The District's decision-making process for granting academic credits;
- An explanation of the costs that the District will pay and financial arrangements for paying costs not paid by the District;
- An explanation that the District will pay the eligible postsecondary institution directly upon being billed by the postsecondary institution for those charges that are the District's responsibility and that the student will be responsible for additional costs not paid by the District;
- Available support services provided by the District;
- The need to arrange an appropriate schedule;
- Consequences to the student for failing or not completing an eligible course, including the possibility of being required to repay the District for money paid by the District on the student's behalf to the postsecondary institution;
- The effect of enrolling in an eligible postsecondary course on the eligible student's ability to complete the required high-school graduation requirements; and
- The academic and social responsibilities that must be assumed by the eligible student and his or her parent.

The District will, to the extent possible, offer counseling services to a student and his or her parent before the student enrolls in an eligible postsecondary course to ensure that the student and his or her parents are fully aware of the benefits, risks, and possible consequences of enrolling in an eligible course. The District will also encourage eligible students and their parents to use available counseling services from the postsecondary institution.

Grades

Grades and attendance can be viewed through PowerSchool. If you do not have computer access, please contact the high school office.

Report cards will be issued after Quarter 1 and again for non-seniors after Semester 2. When calculating semester grades, each quarter equals 40% and the semester exam equals 20% of the semester grade. *When a student earns a semester two exam reward, their semester two grade will be calculated with each quarter equaling 50%.*

Semester 2 Exam Reward: During the 2nd semester, students may be excused from taking their semester two exams (teacher discretion applies) by having:

- **Strong Attendance in ALL Classes**
 - fewer than 50 total hours of absences during semester 2 (does not include Medical or School Sanctioned absences)
 - 5 or fewer total tardies during semester 2
- AND**
- **Strong Academics and Work Ethic in Individual Classes**
 - a B average in the class for semester 2
 - **OR** a C average in the class with 0 missing assignments for semester 2

Grades are calculated using the following grading scale:

94-100	A	90-93	A-
87-89	B+	83-86	B
80-82	B-	77-79	C+
73-76	C	70-72	C-
67-69	D+	63-66	D
60-62	D-	0-59	E

Homework

Classroom teachers may assign homework. Parents who have questions about homework or concerns about class work should contact their student's teacher.

Each student is expected to spend time preparing for classes outside of school hours. The amount of time that is needed will depend upon each student and each class.

Personal Curriculum

For students who are working toward a Michigan Merit Curriculum diploma, it may be appropriate to modify the Michigan Merit Curriculum through implementation of a personal curriculum. The parent of a student who has completed grade 9, or a student who has reached age 18, may request a personal curriculum. A parent of a student with a disability under the Individuals with Disabilities Education Act may request a personal curriculum before the student has completed grade 9.

Any modification to the Michigan Merit Curriculum must be consistent with Michigan law and must incorporate as much of the Michigan Merit Curriculum content standards as

practicable for the student. The District retains discretion to determine what modifications to the Michigan Merit Curriculum are appropriate for a particular student through a personal curriculum. A student who successfully completes an approved personal curriculum will earn a regular high school diploma.

To request a personal curriculum, please contact Elizabeth Bertucci, 9th-12th Grade Counselor (ebertucci@hpts.us 906-482-0450 ext. 1960) or Tiffany Scullion, Principal (tscullion@hpts.us 906-482-0450 ext. 1110).

For additional information about the Michigan Merit Curriculum and Personal Curriculum, see Policy 5409.

Placement

The District has the sole discretion to make promotion, retention, and placement decisions for its students, consistent with state and federal law. The District may consider parent requests that a student be placed in a particular classroom, building, educational program, or grade. The District's placement decision is final.

Students with Disabilities

Eligible students with disabilities under the Individuals with Disabilities Education Act (IDEA) and Section 504 of the Rehabilitation Act are entitled to a free appropriate public education. The District will follow state and federal law and applicable rules and regulations in identifying, locating, evaluating, and educating students with disabilities.

A parent who believes their student is eligible for special education or accommodations due to a disability or suspected disability should contact Tiffany Scullion, Principal (906-482-0450 ext. 1110).

Summer School

Information about summer school (online credit recovery) can be requested by contacting the high school counselor or principal. Summer school typically runs from the Monday after school dismisses for the summer through the last full week of July. All summer school courses run through an online platform.

Testing Out

A student may test out of high school classes and earn credit. Students interested in testing out of a class should review Policy 5409 and make arrangements with their assigned counselor.

Work Permits

Information about work permits is available at the high school office.

SECTION III: STUDENT CLUBS, ACTIVITIES, AND ATHLETICS

Students are encouraged to participate in the various student clubs, activities, and athletics offered by the District.

For the 2026-2027 school year, the District offers the following student clubs, activities, and athletics:

Athletics: Baseball, Basketball, Cross Country, Football, Golf, Gymnastics, Hockey, Skiing, Soccer, Softball, Swimming, Track, & Volleyball

Clubs (may include, but not necessarily limited to): Business Professionals of America (BPA), Chess Club, Drones, Environmental Club, eSports, High School Bowl, Interact, Key Club, National Honor Society (NHS), Pep Club, Robotics, Spanish Club, Student Council, Travel Club

A student's failure to comply with Policy, the Student Code of Conduct, or any other applicable rules or behavioral expectations while participating in or attending a student club, activity, or athletic competition, meeting, event, or practice, may result in disciplinary action.

Extracurricular Activities

Participation in extracurricular activities is a privilege, not a right. Students are encouraged to participate in extracurricular activities. Participation is open to students who meet the eligibility requirements established by the District and any applicable governing body.

The District has exclusive control over extracurricular activities including, but not limited to, formation, naming, structure, operation, financing, and discontinuance.

Student athletes are also subject to the Athletic Code of Conduct (see Appendix G) and any applicable team rules.

For more information, see Policy 5507.

Student-Initiated Non-Curricular Clubs

Students may voluntarily form clubs that are not directly related to the school curriculum. Membership in a student-initiated, non-curricular club must be open to all interested and eligible District students, and the club may not refuse membership to a student based on any protected classification under state or federal law.

For more information about student-initiated non-curricular clubs, including how to form a club, see Policy 5510.

Transportation To/From Extracurricular Activities

The District may provide transportation to students who participate in school-sponsored events. If District-provided transportation is available, students must ride to and from those events in a school vehicle unless otherwise excused by the activity sponsor.

SECTION IV: DISCIPLINE AND CODE OF CONDUCT

Discipline Generally

The District may discipline students who engage in misconduct, up to and including suspension or expulsion from school.

The District will take steps to effectively discipline students in a manner that appropriately minimizes out-of-school suspensions and expulsions. The District will comply with applicable laws related to student discipline, including the consideration of specific factors and possible use of restorative practices.

If an administrator determines that an emergency requires the immediate removal of a student from school, the administrator may contact the student's parent or local law enforcement or take other measures to have the student safely removed from school.

Students who are involved in extracurricular activities and engage in misconduct may face consequences related to the activity in addition to the consequences provided in this handbook.

The District reserves the right to refer to an appropriate non-school agency any act or conduct which may constitute a crime. The District will cooperate with those agencies in their investigations as permitted by law.

The District's rules and policies apply to any student who is on school property or school-affiliated transportation, who is in attendance at school or at any school-sponsored activity or function, or whose conduct at any time or place directly interferes with the operation, discipline, or general welfare of the school, regardless of location, date, or time.

Forms of School Discipline & Applicable Due Process

After-School Detention

Teachers and administrators may require students to stay after school to serve a detention when the student violates any of the rules contained in this handbook or violates classroom-specific conduct rules set by individual teachers.

Students who ride the bus home from school will be given a 24-hour notice of a detention so that parents may make transportation arrangements for the student the following day.

Saturday School

The building administrator may require a student to attend Saturday School. Students follow strict rules and must work on assignments the entire time, except for short breaks. Students who do not follow Saturday School rules will be removed and will face further disciplinary action.

In-School Suspension

The building administrator may require a student to serve in-school suspension, during which students follow strict rules and must work on assignments the entire time, except for short breaks. Students not completing their In-School Suspension will face further disciplinary action.

Snap Suspension - Suspension from Class, Subject, or Activity by Teacher

A teacher may suspend a student from any class, subject, or activity for up to 1 full school day if the teacher has good reason to believe that the student:

- Intentionally disrupted the class, subject, or activity;
- Jeopardized the health or safety of any of the other participants in the class, subject, or activity; or
- Was insubordinate during the class, subject, or activity.

Any teacher who suspends a student from a class, subject, or activity must immediately report the suspension and its reason to the building principal or designee. If a student is suspended from a class, subject, or activity, but will otherwise remain at school, the building principal or designee must ensure that the student is appropriately supervised during the suspension and, if the student is a student with a disability, that all procedures applicable to students with disabilities are followed.

Any teacher who suspends a student from a class, subject, or activity must, as soon as possible following the suspension, request that the student's parent attend a parent/teacher conference to discuss the suspension. The building principal or designee must attend the conference if either the teacher or the parent requests the building principal's attendance. The building principal or designee must make reasonable efforts to invite a school counselor, school psychologist, or school social worker to attend the conference.

Removal for 10 or Fewer School Days

Before a student is suspended for 10 or fewer school days, an administrator will: (1) provide the student verbal notice of the offense the student is alleged to have committed, and (2) provide the student an informal opportunity to respond and explain what happened. Except in emergency circumstances, an administrator will not suspend the student unless, after providing the student notice and an opportunity to explain, the administrator is reasonably certain that the student committed a violation of the Student Code of Conduct and that suspension is the appropriate consequence. The building administrator will consider the 7 factors provided in the Student Code of Conduct before suspending a student.

Removal for More than 10 and Fewer than 60 School Days

Before a student is suspended for more than 10 school days but less than 60 school days, the Superintendent or designee will provide the parent or student with: (1) written notice of the offense the student is suspected to have committed; (2) an explanation of the evidence relied upon by the District in arriving at the conclusion that disciplinary

action may be warranted; and (3) an opportunity for a hearing at which the student may present evidence and witnesses to show that the student did not commit the alleged offense or that suspension is not an appropriate consequence.

The Superintendent or designee will provide the parent or student at least 3 calendar days' notice before the hearing. The parent and student may be represented, at their cost, by an attorney or another adult advocate at the hearing.

The Superintendent or designee will not suspend the student unless, following the hearing, he or she is convinced by a preponderance of the evidence that the student committed a violation of the Student Code of Conduct and that suspension is the appropriate consequence. The Superintendent or designee will consider the 7 factors noted in the Student Code of Conduct before suspending a student.

A parent or student may appeal the Superintendent's or designee's decision to the Board. The appeal must be submitted to the Board within 3 calendar days of the decision. The Board will hear the appeal at its next regularly scheduled meeting. The Board's decision is final. The student's suspension will run while the appeal is pending.

Removal for 60 or More School Days

Before the Board suspends or expels a student, the Superintendent or designee must provide the parent or student with: (1) written notice of the offense the student is suspected to have committed; (2) an explanation of the evidence relied upon by the District in arriving at the conclusion that disciplinary action may be warranted; and (3) an opportunity for a Board hearing at which the student may present evidence and witnesses to show that the student did not commit the suspected offense or that suspension or expulsion is not an appropriate consequence.

The Superintendent or designee will provide the parent or student at least 3 calendar days' notice before the hearing. The parent and student may be represented, at their cost, by an attorney or another adult advocate at the hearing.

The Board will not suspend or expel the student unless, following the hearing, a majority of the Board finds by a preponderance of the evidence that the student committed misconduct that should result in suspension or expulsion under either the Student Code of Conduct or Board Policy and that suspension or expulsion is the appropriate consequence. The Board will consider the 7 factors noted in the Student Code of Conduct before suspending or expelling a student. The Board's decision is final.

Student Code of Conduct

This Student Code of Conduct is meant to be a guide and is subject to the discretion of administration and the Board.

Administration will, as required or permitted by state law, always consider the use of restorative practices as an alternative to, or in addition to suspension or expulsion. - C. Whether the student has a disability;
- D. The seriousness of the behavior;
- E. Whether the behavior posed a safety risk;
- F. Whether restorative practices will be used to address the behavior; and

Nothing in this handbook limits the District's authority to discipline a student for conduct that is inappropriate in school, but that is not specifically provided in this table. Unlawful discrimination, including unlawful harassment and retaliation, in District programs, services, and activities is prohibited.

Title IX sexual harassment is covered by Policy 3118.

A contract to which the District is a party will be read to include a covenant by the contractor and its subcontractors not to discriminate against an employee or applicant for employment with respect to hiring, tenure, terms, conditions, or privileges of employment, or a matter directly or indirectly related to employment, because of race, color, national origin, religion, sex, sexual orientation, gender identity or expression, pregnancy, age, height, weight, and marital status.

The Board directs the Superintendent or designee to designate one or more employees to serve as the District's applicable Coordinator(s), as described in Policy 3115B.

3118 Title IX Sexual Harassment

Consistent with Policy 3115, the District prohibits unlawful sex discrimination, including harassment and retaliation, in any of its education programs or activities in accordance with Title IX of the Education Amendments of 1972 and its implementing regulations.

This Policy addresses allegations of Title IX sexual harassment that occurred on or after August 14, 2020 unless the District previously investigated the allegations under a different policy pursuant to the now-vacated Title IX 2024 regulations. Allegations of discrimination, harassment, or retaliation not covered by this Policy should be addressed under the District's applicable non-discrimination or anti-harassment policies. Allegations alleging both Title IX sexual harassment and other forms of Unlawful Discrimination and Unlawful Harassment (e.g., race, age, disability) that cannot be reasonably separated into distinct complaints should be investigated under this Policy. Complaints that include allegations of Title IX sexual harassment may be investigated under this Policy or bifurcated and investigated pursuant to the applicable Grievance Procedure under Policies 3115-3115H. Investigating other forms of discrimination, including harassment and retaliation, pursuant to this Policy will fulfill the District's investigation requirements under Policies 3115-3115H, 4104, and 5202, but nothing in this paragraph limits the District's right to determine at any time that a non-Title IX allegation should be addressed under Policies 3115-3115H, 4104 or 5202 or any other applicable Policy.

The Board directs the Superintendent or designee to designate one or more employees who meet the training requirements in Section M of this Policy to serve as the District's Title IX Coordinator(s). The Title IX Coordinator will designate an Investigator, Decision-Maker, and Appeals Officer, if applicable, for each Formal Complaint made under this Policy. If a Formal Complaint is made under this Policy against the Title IX Coordinator, the Board President will designate the persons who will serve as the Investigator, Decision-Maker, and Appeals Officer and will work with District administrators to ensure that all other requirements of this Policy are met.

The Investigator, Decision-Maker, Appeals Officer, and Informal Resolution Facilitator cannot be the same person on a specific matter, and the persons designated to serve in those roles may or may not be District employees. Any person serving as the Investigator, Decision-Maker, Appeals Officer, or Informal Resolution Facilitator must meet the training requirements in Section M of this Policy.

Inquiries about Title IX's application to a particular situation may be referred to the Title IX Coordinator(s), the Assistant Secretary for Civil Rights of the United States Department of Education, or both.

APPENDIX C: PARENT INVOLVEMENT IN EDUCATION

5401 Parent Involvement in Education

A. Parent Involvement

The District will take the following steps to encourage Parent involvement in their student's education:

1. Parents will be provided the opportunity to review District-approved curriculum, textbooks, and instructional materials, including any material that will be used in connection with a survey, analysis, or evaluation, upon request.
 - a. Requests to review curriculum, textbooks, and instructional materials must be made to the building principal.
 - b. Parents may review textbooks based on availability and may review instructional materials within a time frame determined by the building principal or designee.
2. Parents will be permitted to attend and observe instructional activities in a class or course in which their student is enrolled and present.

Parents must make an appointment with the building principal to observe instructional activities in a class or course in which the student is enrolled and present. The building principal will permit a Parent observation unless the building principal determines that the observation would disrupt the class or course. Frequent observations are likely disruptive. Absent unusual circumstances, as determined by the building principal, observations that last more than 30 minutes or occur on consecutive days will not be permitted. Parents who want to observe instructional activities also must adhere to Policy 3105.

Parents are not permitted to observe testing.

3. Parents may inspect and review their student's education records, upon written request, consistent with Policy 5309 and state and federal law.
4. A copy of this Policy must be included in the Student Handbook.
5. See Policy 5405 for Parent and Family Engagement Policy at schools receiving Title I funds.

B. Assessments and Surveys

1. State assessments

Pursuant to state law, the District will not approve Parent requests to opt students out of state assessments.

2. National Assessment of Educational Progress

As a condition of receiving federal funds and as required by state law, the District may be selected to participate in the National Assessment of Educational Progress (NAEP). To help ensure that the District has a representative sample of students taking the NAEP, which will allow the District to assess the quality and effectiveness of its programming on a national level, the District strongly encourages all eligible students to participate. Student participation in NAEP is voluntary.

The District will notify Parents of students eligible to take the NAEP before the assessment is administered. Parents wishing to opt their students out of the NAEP assessment must notify the District in writing at least 3 school days before the assessment date to ensure that the District can coordinate supervision and alternative activities for students who have opted out.

You agree that you will not intentionally engage in any behavior that was intended to be prevented by paragraphs H and I.
- K. The school does not warrant or guarantee that its Technology Resources will meet any specific requirement or that they will be error free or uninterrupted; nor will the school be liable for any damages (including lost data, information, or time) sustained or incurred in connection with the use, operation, or inability to use the Technology Resources.
- L. You will return all Technology Resources to the school in good working order immediately on request.

APPENDIX G: ATHLETIC CODE OF CONDUCT

Participation in Houghton-Portage Township School's (the "District") athletics is a privilege, not a right. Student-athletes are students first. When participating in District athletics, student-athletes are District representatives and are held to the highest standards. Accordingly, this Athletic Code of Conduct applies 24 hours a day, 365 days a year. Student-athletes and parents should be familiar with this Athletic Code of Conduct. By participating on any school-sponsored athletic team both student-athletes and parents agree to abide by these terms.

While our number one goal as a school district is to provide a sound academic experience for all our students, athletics provide unique opportunities for students to promote their mental, physical, social and emotional development.

By providing a strong athletic program, HPTS extends the privilege of enriching the mind and body to any student meeting district and Michigan High School Athletic Association (MHSAA) requirements. Like anything of value, it comes with responsibility. Athletes who comply with this code of conduct demonstrate a desire to dedicate themselves to self-improvement as well as to enhance the best interests of fellow teammates, coaches and school.

Roles and Responsibilities

Actions by coaches, student athletes, administrators, parents and the board of education are subject to the same standards and expectations as stated in board policy and the contractual agreement between the board and the teacher's association. The same expectations of teachers, as stated in these documents, is expected of coaches.

Student Athletes will:

- Come prepared to work at every practice where they are physically able.
- Accept the team rules as established by the coach and the athletic department.
- Attempt to communicate all questions and concerns with the coach in a timely fashion.
- Display a respectful attitude towards teammates, coaches, officials, spectators, and opponents at all times.

Coaches will:

- Abide by MHSAA coaching standards as stated in the MHSAA Handbook.
- Come prepared to practice daily.
- Make a strong effort to run a safe practice and competition area.
- Communicate important information (such as team expectations and important dates) to parents and administration.

Administrators will:

- Communicate to parents the “conflict resolution process.”
- Enforce the chain of command as outlined in the “conflict resolution process.”
- Review with coaches the expectations as stated in the team’s guidelines.

Parents will:

- Be supportive of not only their children, but of all competitors.
- Support team guidelines and goals.
- Abide by the guidelines noted in the parent welcome letter above.
- Communicate concerns directly to the coach while respecting the 24 hour “cooling off period.”

The Board of Education will:

- Recognize athletes and programs for academic and athletic success.
- Serve as an arbitrator in disputes that have exhausted the full grievance process.
- Enforce the chain of command as outlined in the “conflict resolution process.”
- Remain neutral by refusing all requests to become involved in a dispute before the superintendent has been notified and all steps in the “conflict resolution process” have been exhausted.

Communication Protocol

The District has full faith in its coaches to make decisions that are in the best interest of their teams. If parents have questions or concerns about their student-athletes’ sports participation, use the following protocol:

1. Wait 24 hours before contacting the coach.
2. Schedule a time to speak with the coach, either via phone or in-person, at the coach’s discretion.
3. If the issue is unresolved, schedule a time to speak with the Athletic Director, either via phone or in-person, at the Athletic Director’s discretion.

Through good communication, people feel valued and understood, even if complete agreement is not always reached. We are all concerned about the education of our students. Part of the process of growing up is learning to handle your own difficult situations. If a conflict or misunderstanding between an athlete and a coach occurs, learning to resolve it is an important educational experience for the athlete. Parents should react slowly. Children tend to exaggerate at times, leave out part of the story, or present a skewed version of an incident. Parents should always seek more information before drawing conclusions. When a student successfully deals with difficult interpersonal conflicts, they learn and grow. Of course, a parent always retains the right to intervene on behalf of a child.

Student contacting the Source: The student should talk directly with the coach, in private, face- to-face, away from the practice site or game venue. A telephone call may be necessary to arrange an appointment. E-mail, voicemail, texts and letters are good methods for communicating information, but they are not as effective for communicating feelings, and concerns. By their nature they tend to distance coaches and athletes.

Parent Contacting the Source: Contact the coach to talk directly, in private, face-to-face, away from the practice site or game area. Making an appointment, sitting down and listening to both sides is far more productive in reaching a mutually satisfying resolution. Our coaches are expected and encouraged to meet with individual parents to discuss concerns that affect that parent's child, not to discuss other kids. Our coaches are not expected to meet with groups of parents to discuss issues of concern. Please do NOT attempt to confront a coach before or after practice or a contest. These can be emotional times for both the parent and the coach. Our coaches are NOT expected to endure yelling, verbal or physical abuse from parents. Please, help teach your child the skills of mature conflict resolution.

Concussion Protocol

Before allowing a student to participate in any athletic activity, the District will annually:

1. Provide state-approved educational materials on concussion awareness to each student and to the student's Parent; and
2. Obtain a statement signed by each student and respective Parent acknowledging receipt of state-approved concussion awareness educational materials. The District will maintain this signed statement for 5 years or until the student is 18, whichever is longer.

The District's complete concussion protocol is in Policy 5712, including information on student removal from activity for possible concussion and return-to-play requirements.

Athletic Code of Conduct

A student-athlete must:

1. Learn and understand the rules and regulations of your sport.

2. Unless otherwise approved by your coach, if school is in session, attend school for the full day to be eligible to practice or play in an event on the same day.
3. Comply with the law, Board Policy, the Student Code of Conduct, the Athletic Code of Conduct, and all team rules. Failure to comply with this provision may result in suspension or removal from a team.
4. Not possess, use, or consume alcohol, tobacco, cannabis, nicotine (including a vape), or controlled substances (other than those prescribed by a physician for the student-athlete).
5. Not engage in conduct that is unbecoming of student-athletes.
6. Maintain academic eligibility as required by the Michigan High School Athletic Association and the Houghton-Portage Township School District.
 - Junior High: Every student athlete must be successfully passing all of the classes in which he/she is enrolled if he/she wishes to compete in interscholastic competition. This check will be done on a weekly basis, at the beginning of each week after each sports season begins. Student athletes who are failing one or more classes will not be allowed to compete in any interscholastic contest for a period of one week. The eligibility check following the week of ineligibility will need to show the student athlete is passing all classes they are enrolled in or the student will be ineligible to compete.
 - *High School Criteria I* – All athletes, including athletes participating in club sports, with a D- or E in two or more classes will be ineligible to participate in games or travel to any away contents/events. Eligibility checks are performed weekly and will be based upon the current quarter scores. Students found to be deficient with their grades will be ineligible for the following week (Monday through Sunday). An ineligible athlete can become eligible again on the first Monday following a satisfactory eligibility check.
 - *High School Criteria II* – MHSAA Eligibility. A student must pass 66% of his/her coursework (i.e., four out of six classes) each semester. If an athlete does not pass 66% of his/her coursework, the athlete will be prohibited from participating in any sports the following semester.
7. Notify your coach or District athletic trainer of any injury or medical condition that may affect your athletic participation.

If a student-athlete violates any provision of the Athletic Code of Conduct, practice, game, team, or complete athletic suspension may result. Any disciplinary consequences will be at the sole discretion of the Athletic Director or designee.

If a student-athlete is suspended or expelled from school, the student-athlete is prohibited from participating in any practice or game during the suspension or expulsion.

Additional Athletic Information:

Dual Sports

Generally, there is no right for an athlete to participate in more than one sport in a given season. For athletes who wish to participate in more than one sport in a single season, the following procedures must be followed:

- The coaches of both sports must consent to the athlete's dual participation;
- One of the sports must be a varsity level sport; and
- The athlete must designate one sport as his/her primary sport.

After completion of the above-mentioned process, a determination will be made regarding dual participation.

Equipment and Uniforms

Athletes are financially responsible for all school-issued equipment and uniforms and must reimburse the District for all destroyed, lost, or stolen items. Until such reimbursement is made, the athlete will be prohibited from:

- Participating in athletics during the next season;
- Receiving any season- or year-end athletics awards; and
- If applicable, participating in graduation.

School-issued warm-up clothing and/or jackets are to be worn for games and practices only and not as general clothing items at school. Similarly, game uniforms are to be worn only during games. School-issued uniform shirts and traveling suits may be worn to school on game days or as directed by the team coach. Athletes are prohibited from wearing any school-issued athletic clothing to school that does not comply with the District's dress code.

Transportation

To promote team camaraderie and the most efficient means of student supervision and safety, all athletes are expected and required to travel with their team to and from athletics events as provided unless otherwise excused by the activity sponsor or administrator.

Parental permission is required for students to ride home with anyone other than school provided transportation. This permission can be in writing, text, or email form. Students

are only permitted to ride home with an adult and are not permitted to ride home with other students.

The Athletic Director can authorize students to drive to/from local events and practices as long as no school transportation is provided.

Attendance

Student athletes are expected to have regular and continuous attendance. Lack of attendance at school should be for reasons allowed by school regulations. Unless otherwise approved by the Athletic Director, Principal, or coach, if school is in session, athletes must attend school for the previous 3 continuous class hours prior to dismissal to be eligible to practice or play in an event on the same day. Absences due to professional and medical appointments must be accompanied by a written excuse from the appropriate office.

An unexcused absence from any class or study hall (even if the time is made up) may make a person ineligible for the next event or contest. (Note: this rule applies “in season” only. Once the first practice begins, we are “in season.”) Leaving school without permission from the high school office is an unexcused absence. Always “sign-out” before leaving the building.

Athletes for whom the District’s administrators determine absenteeism is a recurring issue may prohibit the athlete from participating in all District athletics.

Additional Eligibility (non-academic)

The District follows the athlete eligibility requirements as promulgated by the Michigan High School Athletics Association (MHSAA). A link to the MHSAA website can be found [here](#). Any inconsistencies between this Athletics Handbook and the MHSAA eligibility requirements should be resolved in favor of the MHSAA eligibility requirements.

According to the Michigan High School Athletic Association (MHSAA), students who participate in interscholastic athletics must pass a physical examination before they will be allowed to participate in practices and competition. Physicals must be dated after April 15 of the previous school year. This form must be completed by a MD, PA, NP, or DO and returned to the school if an athlete plans to participate in any interscholastic sport during the school year. Forms for physicals can be found [here](#). Hard copies are also available from the Athletics Office.

A Middle School student who competes in any interscholastic competition cannot be 15 years of age before September 1st of the current school year. A High School student who competes in any interscholastic competition cannot be 19 years of age before September 1st of the current school year.

Injury / Athletic Insurance

There are dangers and risks of playing or practicing to play any athletic events or contests. Participation may result in serious injury or physical disabilities that may affect the normal life- time activities, general health and well-being of participants. Every participant in athletics is required to report any injury to the coach at the time it occurs.

The MHSAA requires that students participating in interscholastic athletics be covered by some type of health insurance. The school will make available, through an independent carrier, a policy of secondary coverage (your insurance pays first, if you have insurance). If this insurance is not purchased, a statement of insurance coverage must be on file in the athletic office stating the name of the insurance company and policy number under which the athlete will be covered. Please report any changes in your insurance status as soon as possible.

Athletic Awards

The requirements/criteria for awarding athletic awards varies. The head coach of each individual sport should inform the athletes of the letter requirements. Senior athletic awards are presented only to those seniors who participate and letter in their senior year.

Play Time

While the District's coaches and administrative personnel believe it is important to broaden the experience of its athletes, and that such broadening is enhanced by playing time, the District's athletic program also strives towards excellence. Therefore, playing time decisions are within the discretion of the team coaches and the District does not intend to establish rules or regulations related to minimum per game playing time or minimum number of interscholastic competitions for its athletes.

Team Fundraising

All team fundraising activities must be in accordance with District/Board of Education Policies.

Discipline

Athletes are expected to behave in a manner that positively represents the District at all times, including while off school premises and during the summer. The Principal or his/her designee, or another school administrator, may suspend an athlete from participating in an athletic event when the athlete behaves in a manner that is detrimental to the image of the District.

Team Suspensions

When an athlete is serving a suspension from participating in an athletic event (but not suspended from school), the athlete is still required to attend all team practices and,

unless excused, must be present at all home athletic events. The coach and the athletic director will communicate expectations for attendance at away events on a case by case basis.

Subsequent or Concurrent Suspensions

If another suspension is imposed on an athlete while the athlete is already suspended, the consequences imposed for the second suspension will not be served until the consequences imposed for the first suspension have been fully served. If the consequences for a given offense are not served during the sports season they were incurred, the portion not served will be carried over to the next sport that the athlete has previously participated in at the high school level. All athletic-related suspensions or offenses will accumulate throughout an athlete's high school career.

Disqualification Rule

If a student athlete or coach is disqualified during a contest for unsportsmanlike conduct, they shall be withheld from the next day of competition. A disqualification in hockey will result in missing the next two contests. The student athlete will not be eligible to participate in the MHSAA tournament for that sport that season if he/she is disqualified for unsportsmanlike conduct three or more times during a season or is ejected for abusive action to an official at any time during that season. Unsportsmanlike conduct that should have resulted in a disqualification can also be penalized at the discretion of the MHSAA, Athletic Director, and/or Head Coach.

Transfer Students

The District will uphold all suspensions imposed by a previous school district if an athlete enrolls in the District while suspended.

Prohibited Conduct

The Athletic Director has discretion in deciding whether an alleged infraction falls into one or more of the following categories of prohibited conduct. The Athletic Director may revise a suspension or other form of discipline imposed by the Principal or other administrator, upon appeal from the athlete, and in accordance with the appeals process, below.

Conduct Unbecoming an Athlete (Minor Infraction Category I:)

Definition: Conduct in or out of school that brings discredit to the athlete, his/her parents, the school, the District, or the team. Examples include, but are not limited to: classroom misconduct, use of social media in a derogatory manner towards other individuals or grounds, disrespect of authority, petty theft, fighting, profanity, abusing school property, etc.

Consequences:

- *First Violation.* Documented warning up to suspension from one athletic event. In order to return to the athletics program, the athlete must:

1. Show remorse for his/her conduct; and
2. Engage in a restorative practice to address/admit wrongdoing and apologize by addressing his/her coaches and teammates.

- *Second Violation.* Suspension from one athletic event up to suspension from 15% of all competitions for the present sport (applies to athletic clubs and teams). If the consequence imposed is 15% of all interscholastic regular season dates for the present sport, that percentage will account for the remaining regular season dates. In order to return to the athletics program, the athlete must:

1. Show remorse for his/her conduct;
2. Address his/her coaches and teammates; and
3. Meet with a school counselor or other administrator to determine whether there are additional issues the athlete should address in his/her personal life.

- *Third Violation.* Suspension from 15%-25% of all interscholastic regular season dates for a given sport. If the consequence imposed is 25% of all interscholastic regular season dates for the present sport, that percentage will account for the remaining regular season dates. In order to return to the athletics program, the athlete must:

1. Show remorse for his/her conduct;
2. Address his/her coaches and teammates; and
3. Meet with a school counselor or other administrator to determine whether there are additional issues the athlete should address in his/her personal life.

- *Fourth Violation.* Suspension from the athletics program for up to one calendar year, including practice and athletic events.

Category II: Conduct Unbecoming an Athlete (Major Infraction)

Definition: Conduct in and out of school that brings discredit to the athlete, his/her parents, the school, the District, or the team. All activity that is unlawful in nature, with the exception of substance abuse, falls into this category and includes, but is not limited to: theft, destruction of property, fighting which causes injury to others, vandalism, inappropriate use of the internet, hazing, harassment, and knowingly attending a gathering for an extended period of time where illegal substances are present. Please see the following definitions:

- *Inappropriate Use of Electronic Devices, Internet, Social Media.* Pictures or videos found online or distributed amongst students which show the athlete smoking a cigarette, electronic cigarette, vape, or any other product that stimulates smoking tobacco and/or marijuana; holding an alcohol container, regardless of whether the container is full, empty, or contains something other than alcohol; consuming illegal drugs or holding drug paraphernalia, even in jest; or engaged in any other inappropriate act.

- *Hazing.* Hazing is defined as any activity that recklessly or intentionally endangers the mental or physical health or safety of a student for the purpose of initiation in or affiliation with an athletic team. All students subjected to hazing activities will be presumed to not have consented to the activities, even if they willingly participated. The District prohibits all forms of initiation, harassment, hazing, or any other similar activity. No student, athlete, coach, volunteer, or other District employee will plan, direct, encourage, assist, or engage in any hazing activity. Suspected acts of hazing should be reported to the coach, Athletic Director, Principal, or other school administrator.

- *Harassment.* Harassment includes, but is not limited to slurs, jokes, gestures, or other verbal, graphic, or physical conduct relating to any individual's race, color, religion, ancestry, genetic information, sex, national origin, age, or disability. The District prohibits all forms of harassment.

Consequences:

- *First Violation.* Suspension from one athletic event up to suspension from 25% of all interscholastic regular season dates for the present sport. If the consequence imposed is 25% of all interscholastic regular season dates for the present sport, that percentage will account for the remaining regular season dates.

- *Second Violation.* Suspension from 25%-50% of all interscholastic regular season dates for the present sport. If the consequence imposed is 50% of all interscholastic regular season dates for the present sport, that percentage will account for the remaining regular season dates. In order to return to the athletics program, the athlete must provide written evidence that s/he received counseling from a community agency or professional individual such as a school counselor, medical doctor, psychiatrist, or psychologist.

- *Third Violation.* Suspension from 50% of all athletics for up to one calendar year (this may span more than one athletic season), including practices and competitions. In order to return to the athletics program, the athlete:

1. Should be referred for assessment by a community agency or professional individual outside the District and provide documentation of participation/completion; and

2. If the athlete participates in a treatment program, s/he may be permitted to return to the athletics program after at least six weeks from the date treatment

began, upon certification from the treatment center that the student has been in active treatment for at least six weeks.

- *Fourth Violation.* Suspension from all athletics for up to the remainder of the athlete's high school career.

Category III

Alcohol, Marijuana, and Tobacco Use

All athletes must maintain a high degree of physical fitness and alertness to perform at their optimal capacities. Thus, the use of illicit substances, in any form, whether legal or illegal, is strictly forbidden. Specifically, this means no alcohol consumption all year or knowingly attending a gathering for an extended period of time where illegal substances are present.

Presence at party

If an athlete attends a party where alcohol or drugs are being illegally dispensed and/or consumed, the student must LEAVE IMMEDIATELY AND SAFELY. To remain in the presence of this illegal activity may constitute a violation of the code of conduct. * Note: Athletes should encourage as many classmates as possible to leave with them.

*The intent of the “presence at a party” rule is not to deny participation with adult family members in gatherings such as weddings, anniversaries or other family gatherings.

Drug-Free Status Requirement

Athletes must adhere to a drug-free status, including being free of alcohol, marijuana, and tobacco, year round, in and out of season, and on and off the field.

Educational Component for Substance Abuse Violations

As a pivotal part of the District’s consequences for substance abuse violations, athletes will be required to complete on their own, an educational program. Evidence of completion must be provided.

Self-Referral Program

Any athlete may seek the help of a substance abuse program without penalty, by confiding in his/her coach, athletic director, principal, or counselor prior to a violation of the training rules being reported. The athlete will be assisted in finding a suitable rehabilitation program to be paid for by the student. The athlete is expected to continue athletic participation while attending and completing the program unless otherwise advised by those conducting the program. An athlete may only participate once in the self-referral program. Any subsequent violation of the drug-free rules will be treated as a second violation.

Consequences:

Students may not possess and/or use any tobacco products including electronic cigarettes, vaping devices, paraphernalia or supplies, drugs, including drug paraphernalia, steroids and/or alcoholic beverages. Consequences for these rules are as follows:

- *First Violation.* Suspension from all extra-curricular activities for up to 20% of the contests or competitions in the current season and/or the next season of competition.

Alternative Penalty: The student/parent may choose a 10% loss of the contests or competitions plus 20 hours of community service to be completed *before* the student may resume competition.

- *Second Violation.* Suspension from all extra-curricular activities for up to 40% of the contests or competitions in the current season and/or the next season of competition.

Alternative Penalty: The student/parent may choose a 25% loss of the contests or competitions plus 40 hours of community service to be completed *before* the student may resume competition.

- *Third Violation.* Suspension from 50% of all athletics up to one calendar year or any part thereof, including practices and competition.

- *Fourth Violation.* May bring a suspension from all athletics for the remainder of the student's high school career.

In order to return to the athletics program from any suspension, the athlete must:

1. Complete the required Educational Component for Substance Abuse Violations
2. Show remorse for violating the Student Code of Conduct; and
3. Address his/her coaches and teammates

NOTES:

A scrimmage with another school may not count as a scheduled inter-scholastic competition.

A student suspended from interscholastic competitions must continue to demonstrate the qualities of sportsmanship outlined in this Handbook. If a suspension cannot be completed in the present season, the suspension will be carried over to the student's next sports season. The amount of dates to be suspended will be determined by the

Athletic Director. The Athletic Director, Coaches, and School Administration will work together on enforcing the rules and supporting the student.

Category IV: Street/Illicit Drugs (Illegal Drugs)

Description: Athlete use or possession of illicit drugs is strictly prohibited at all times. The associated nature of consequences for such violations will be more severe than other violations as they constitute a greater degree of danger and potential legal action.

Performance-Enhancing Drugs/Supplements

In accordance with Board of Education Policy 2007, athletes are prohibited from using or being in the possession of any performance-enhancing substances, including, but not limited to, those that may be listed by the National Collegiate Athletic Association, the Michigan High School Athletic Association, or the Michigan Department of Community Health. Examples include anabolic steroids, diuretics, and peptide hormones and analogues (HCG, ACTH and HGH).

The use of prohormones and hormone precursors also involves significant health consequences for young athletes and may cause users to test positive for anabolic steroids. Due to the long-term unknown health consequences of such supplements, athletes are prohibited from using prohormones or hormone precursors.

Consequences:

- *First Violation:* Suspension from one athletic event up to suspension from 40% of all interscholastic regular season dates for the present sport. If the consequence imposed is 40% of all interscholastic regular season dates for the present sport, that percentage will account for the remaining regular season dates. In order to return to the athletics program, the athlete must: 1. Show remorse for violating the Student Code of Conduct; 2. Address his/her coaches and teammates; and 3. At the athlete's expense, undergo a drug test that shows the absence of drugs in the athlete's system.

- *Second Violation.* Suspension up to 60% of all interscholastic regular season dates for the present sport. If the consequence imposed is 60% of all interscholastic regular season dates for the present sport, that percentage will account for the remaining regular season dates. In order to return to the athletics program, the athlete must:

1. Show written evidence that s/he has received counseling from a community agency or professional individual such as a school counselor, medical doctor, psychiatrist, or psychologist;
2. Address his/her coaches and teammates;
3. Show remorse for violating the Student Code of Conduct; and

4. At the athlete's expense, undergo a drug test that shows the absence of drugs in the athlete's system.

- *Third Violation.* Suspension from 60% of all athletics up to one calendar year or any part thereof, including practices and competition. In order to return to the athletics program, the athlete:

1. Should be referred for assessment by a community agency or professional individual outside the District;

2. If the athlete participates in a treatment program, s/he may be permitted to return to the athletics program after at least eight weeks from the date treatment began, upon certification from the treatment center that the student has been in active treatment for at least eight weeks;

3. Show remorse for violating the Student Code of Conduct;

4. Address his/her coaches and teammates;

5. Re-sign the Student Code of Conduct in front of teammates and team coaches; and

6. At the athlete's expense, undergo a drug test that shows the absence of drugs in the athlete's system.

- *Fourth Violation.* May bring a suspension from all athletics for the remainder of the student's high school career.

Procedures for Reporting Violations and Rule Enforcement

Alleged violations must be submitted to the Athletic Director, Assistant Athletic Director, Principal, Assistant Principal, Police Liaison Officer, or the team coach. The school administration will convene a meeting with the athlete to determine whether a violation occurred. During the meeting, the athlete will be provided verbal notice of the reported violation. If necessary, appropriate personnel will interview any students or other persons who may be aware of additional facts supporting or defending against the reported violation. The Athletic Director will attempt to notify the athlete's parents, concerning the reported violation and the potential consequences. Within five days of the meeting with the athlete or end of the investigation, the athlete and his/her parents will be notified of the District's decision. If applicable, the Athletic Director will assist the athlete in contacting the school counseling department for substance abuse counseling.

Appeals

Declaration of Appeal

If the parents disagree with the decision, they may submit a written appeal of the discipline decision to the Athletic Director within three school days of verbal or written confirmation that disciplinary action will be taken. Appeals submitted after this three day window will be denied.

Informal Discussion/Meeting

Upon receipt of the written appeal, the Athletic Director will schedule an informal discussion between the athlete's parents and the District personnel who made the disciplinary decision, to determine if the issue can be resolved. The Athletic Director will be present at the meeting.

Formal Appeal

If an agreement cannot be reached informally, the Athletic Director, or his/her designee, will submit the appeal to the chairperson of the Athletic Appeals Board. The Athletic Appeals Board (appointed by the Principal and Athletic Director) will be comprised of: (1) one female coach; (2) one male coach; and (3) an administrator not involved in the disciplinary decision.

Formal Hearing

When possible, a hearing will be held within seven days (or as soon as possible thereafter) of the Athletic Appeals Board's receipt of the appeal. The athlete or his/her parents and the District personnel who made the disciplinary decision will attend and present their arguments to the Athletic Appeals Board. The Athletic Appeals Board will meet in private to discuss the matter. Within three days of the hearing, the Athletic Appeals Board will submit their decision, in writing, to all parties. While an appeal is pending, the athlete is prohibited from participating in interscholastic competitions or other athletic events. If the appeal concerns a post-season tournament, the appeal must be submitted within one day before the tournament begins. All levels of appeals, as applicable, will be heard before the tournament begins when possible.

Additional Rules and Regulations

Each coach may establish and submit, for approval by the Athletic Director, his/her own rules and regulations as they pertain to his/her sport. No team rule may impose a greater consequence than the consequences discussed in this Handbook. All team rules must be in writing, clearly communicated to each athlete and his/her parents at the beginning of the season, and available for review. Coaches have the right to dismiss athletes from the team whose conduct is detrimental to the management, image, safety, health, or well-being of team. All disciplinary decisions made by coaches are subject to the appeal process contained in this Athletic Handbook.

Student Activities Conflict Guide

Many of the District's students participate in more than one activity in a given season. Administrators, teachers, coaches, athletes, and activity sponsors will work together to help avoid conflicts, when possible, and resolve conflicts when they occur. These guidelines are intended to address school-related scheduling conflicts and are not intended to apply to family or personal scheduling conflicts.

Communication

Teachers, coaches, and activity sponsors will review event dates with their students to ensure conflicts are identified as early as possible. Students are responsible for informing their teachers, coaches, and activity sponsors of conflicts as soon as possible and no later than two weeks (10 school days) prior to the conflict date. Students who fail to alert their teachers, coaches, and activity sponsors to conflicts at least two weeks prior to the date of the conflict may be disciplined as deemed appropriate by the student's teachers, coaches, or activity sponsors for the event missed. Teachers, coaches, and activity sponsors will first attempt to assist the student in resolving the conflict without discipline by employing one of the following solutions:

- **Performance/Interscholastic Competition vs. Practice/Rehearsal/Optional Activity.** A performance or interscholastic competition takes precedence over a practice, rehearsal, or other optional activity. When possible, students should be allowed to leave the performance or interscholastic competition to attend the other event once their responsibility in the former is complete.
- **Practice/Rehearsal/Optional Activity vs. Practice/Rehearsal/Optional Activity.** Teachers, coaches, and activity sponsors should make every attempt to devise a schedule so a student can participate in both events. The Athletic Office strongly recommends athletes do not donate blood at the NHS Blood Drive on days in which an athletic event is scheduled.
- **Scheduled Activity vs. Rescheduled/New Activity.** Activities included on the spring calendar take precedence over activities that were rescheduled or added at a later date, except when an activity is rescheduled due to a conflict to a date in which no conflict exists, and another activity causing a conflict is also added to that date. In such cases, the rescheduled event takes precedence.
- **Performance/Interscholastic Competition vs. Performance/Interscholastic Competition.** In the event that one performance or interscholastic competition conflicts with another, teachers, coaches, and/or activity sponsors will work with parents to amicably resolve the conflict. If an amicable resolution cannot be reached, the conflict will be mediated and resolved by the Principal or his/her designee.

District/Regional/State/National Activity vs. "Regular" Activity

A district, regional, state, or national performance or athletic activity takes precedence over a regular school practice, rehearsal, performance, or interscholastic competition.

These types of conflicts are sometimes unavoidable due to tournament scheduling, draws, and/or continued success by a team or activity. To ensure the best chance for continued success by a team or activity, the district, regional, state, or national performance or athletic activity will take precedence over other school

UNDERSTANDING CONCUSSION

Some Common Symptoms

Headache	Balance Problems	Sensitive to Noise	Poor Concentration	Not "Feeling Right"
Pressure in the Head	Double Vision	Sluggishness	Memory Problems	Feeling Irritable
Nausea/Vomiting	Blurry Vision	Haziness	Confusion	Slow Reaction Time
Dizziness	Sensitive to Light	Fogginess	"Feeling Down"	Sleep Problems
		Grogginess	Lost Consciousness	

WHAT IS A CONCUSSION?

A concussion is a type of traumatic brain injury that changes the way the brain normally works. A concussion is caused by a fall, bump, blow, or jolt to the head or body that causes the head and brain to move quickly back and forth. A concussion can be caused by a shaking, spinning or a sudden stopping and starting of the head. Even a "ding," "getting your bell rung," or what seems to be a mild bump or blow to the head can be serious. A concussion can happen even if you haven't been knocked out.

You can't see a concussion. Signs and symptoms of concussions can show up right after the injury or may not appear or be noticed until days or weeks after the injury. If the student reports any symptoms of a concussion, or if you notice symptoms yourself, seek medical attention right away. A student who may have had a concussion should not return to play on the day of the injury and until a health care professional says they are okay to return to play.

IF YOU SUSPECT A CONCUSSION:

- SEEK MEDICAL ATTENTION RIGHT AWAY – DON'T HIDE IT, REPORT IT.** Playing or practicing with concussion symptoms is dangerous and can lead to a longer recovery. A health care professional will be able to decide how serious the concussion is and when it is safe for the student to return to regular activities, including sports. Ignoring symptoms and trying to "tough it out" often makes it worse.
- KEEP YOUR STUDENT OUT OF PLAY** – Concussions take time to heal. Don't let the student return to play the day of injury and until a health care professional says it's okay. A student, who returns to play too soon, while the brain is still healing, risks a greater chance of having a second concussion. Young children and teens are more likely to get a concussion and take longer to recover than adults. Repeat or second concussions increase the time it takes to recover and can be very serious. They can cause permanent brain damage, affecting the student for a lifetime. They can be fatal. It is better to miss one game than the whole season.
- TELL THE SCHOOL ABOUT ANY PREVIOUS CONCUSSION** – Schools should know if a student had a previous concussion. A student's school may not know about a concussion received in another sport or activity unless you notify them.

SIGNS OBSERVED BY PARENTS:

- Appears dazed or stunned
- Is confused about assignment or position
- Forgets an instruction
- Can't recall events prior to or after a hit or fall
- Is unsure of game, score, or opponent
- Moves clumsily
- Answers questions slowly
- Loses consciousness (even briefly)
- Shows mood, behavior, or personality changes

CONCUSSION DANGER SIGNS:

In rare cases, a dangerous blood clot may form on the brain in a person with a concussion and crowd the brain against the skull. A student should receive immediate medical attention if after a bump, blow, or jolt to the head or body s/he exhibits any of the following danger signs:

- One pupil larger than the other
- Is drowsy or cannot be awakened
- A headache that gets worse
- Weakness, numbness, or decreased coordination
- Repeated vomiting or nausea
- Slurred speech
- Convulsions or seizures
- Cannot recognize people/places
- Becomes increasingly confused, restless or agitated
- Has unusual behavior
- Loses consciousness (even a brief loss of consciousness should be taken seriously.)

HOW TO RESPOND TO A REPORT OF A CONCUSSION:

If a student reports one or more symptoms of a concussion after a bump, blow, or jolt to the head or body, s/he must be kept out of athletic activity the day of the injury. The student shall only return to activity (practice, scrimmage or competition) with written unconditional permission from an MD, DO, Physician's Assistant or Nurse Practitioner. During recovery, rest is key. Exercising or activities that involve a lot of concentration (such as studying, working on the computer, or playing video games) may cause concussion symptoms to reappear or get worse. Students who return to school after a concussion may need to spend fewer hours at school, take rests breaks, be given extra help and time, spend less time reading, writing or on a computer. After a concussion, returning to sports and school is a gradual process that should be monitored by a health care professional.

Remember: Concussion affects people differently. While most students with a concussion recover quickly and fully, some will have symptoms that last for days, or even weeks. A more serious concussion can last for months or longer.

APPENDIX I: SEXUAL HARASSMENT AND SEXUAL ASSAULT INFORMATION GUIDE

What Is Sexual Harassment?

Sexual harassment is unwanted sexual remarks or behaviors. It can be verbal, physical, or visual. Here are a few examples of sexual harassment:

Verbal

- Making sexual jokes, comments, or spreading rumors targeted at someone (in person or online)
- Making sexual jokes or comments about students' bodies or how they look or act
- Making jokes or comments about students' masculinity or femininity and/or who they are attracted to or love

Physical:

- Pulling at or touching someone's clothing in a sexual manner (like pulling down someone's pants or snapping a bra strap)
- Touching, pinching, or grabbing someone in a sexual way
- Brushing up against someone's body on purpose

Visual

- Posting or sharing sexual comments, pictures, or videos
- Pressuring someone to take or send sexual pictures or videos ("nudes")

Sexual harassment can make someone feel many emotions.

You may feel scared, uncomfortable, upset, embarrassed or angry.

When it comes to sexual harassment, what matters is how the action makes a person think or feel--not the intention of the person who did it.

Sexual harassment can happen anywhere or to anyone. It can take place in person or online. But no matter where sexual harassment happens, it is never okay. It is wrong and it is against the law.

What Is Sexual Assault?

Sexual assault is any sexual act that one person chooses to do to another person without consent (permission) through physical force, threats, or pressure (verbal or emotional).

Here are a few examples of sexual assault:

- Touching someone's genitals, breast, or butt without their permission (consent) over or under clothes
- Unwanted kissing

- Physically forcing someone to perform a sexual act
- Threatening or pressuring a person to do any sexual act
- Unwanted vaginal, oral, or anal penetration with a body part or object (also known as rape)

Sexually assaulting another person is wrong and it is against the law.

In Michigan statute, this is called “Criminal Sexual Conduct.”

About Consent

- Consent means that each person agrees or gives permission.
- Anyone can change their mind at any time.
- Consent means each person understands what is going on and agrees to all of it.
- Someone needs to get consent every single time.
- Just because someone said “yes” before, does not mean “yes” now.
- It is not okay to use threats, emotional pressure, or the fact that another person is drunk or high to get what you want.

If someone doesn’t consent to sexual acts, it is sexual assault.

What if This is Happening to Me?

It is not your fault. You are not alone.

- No one has the right to sexually harass or assault anyone else.
- You have the right to feel safe and respected.
- If you feel like you won’t be harmed, tell them this is not okay and to stop.
- Consider telling a trusted adult if any of these behaviors happen to you. If the trusted adult is a teacher, coach, or school staff, they may have to tell someone else (like a principal, parents, etc.). If you’re not sure if you are ready or want to tell a trusted adult at your school, you can talk to them without saying it happened to you (“I have a friend who...”).
- If the first person isn’t helpful, keep trying until you find someone who is.
- Speaking up is a brave thing to do. Don’t be afraid to seek help from someone you trust.
- Resources listed on the next page are available 24/7 to support you.

Scientific research tells us that people who experience traumatic events like sexual harassment and sexual assault have many different responses in their brains, bodies, feelings, and behaviors. However YOU respond to trauma is okay and is normal.

What if This is Happening to Someone I Know?

Believe. Listen. Support.

- Believe them! If someone tells you that someone has sexually harassed or assaulted them, know that it is very hard to tell someone about this and that person trusts and respects you enough to share this information. Let them know that what happened is not their fault and you are there to support them.
- Listen without judgment. Give them space and time to tell you what they feel comfortable sharing.
- Ask how you can support them. What you would need might differ from what your friend needs, so always ask. Let your friend decide who else can know.

School Title IX Coordinator

If someone sexually assaulted or sexually harassed you at school or at a school event, you can choose to talk to your School District's Title IX Coordinator. Part of their responsibilities is to prevent and respond to sexual assault, sexual harassment, and discrimination based on sex and gender. Note: If you report to a Title IX Coordinator, they are required by law to follow up and may conduct an investigation.

If you report a sexual assault or sexual harassment incident, the policies forbid someone from retaliating or doing something to get back at you. See Appendix A of the Student Handbook for your school's Title IX information and other related policies.
